GARDEN APRON FOR MARY AND MAUD

(By BETTY BROWN)

Mary's garden seems to be growing upon her fascinating little apron. Even if one's name happened to be Maud, one would hardly want to keep it in on order to put balls of yarn and socks for soldiers into those perfectly adorable flower-pot pockets.

Godmothers' headquarters on Georgia avenue, and at the Lyric.

The Camp Greenleaf Dramatic club will be assisted by the Psychological Glee club.

At the regular meeting of the Godmothers Monday, it was decided that they would entertain with a lawn party a week from Saturday, possibly on the courthouse lawn, for the enlisted men of Camp Greenleaf and Camp Forrest.

Members of the Godmothers will form a receiving line and assist in serving the guests.

Miss Madeline Pemberton was appointed chairman of a committee for the distribution of posters for the show Wednesday evening.

REPORTED PINE BREEZE
TO BE FREE FROM DEBT
Between Fifty and Sixty Cases
of Tuberculosis Arrested
During Year.

A meeting was held by the Anti-Tuberculosis association, in which encouraging reports were given concerning the progress of the work, the care of patients of Pine Breeze and the upkeep of the buildings. The meeting being the annual one, yearly reports were heard with much interest. Two of the most highly commendatory reports were that Pine Breeze is absolutely free from debt, the last not having been paid off and not a penny owing, and that during the year between fifty and sixty cases of tuberculosis have been dismissed with the disease arrested. (They do not use the word "cured.") With most of the dismissed patients the arrest of the malady is permanent, but all the men have returned to business and the women to their household duties.

However, there are still fifty or sixty patients being cared for at Pine Breeze, as against about half the number a year ago.

All buildings were reported to be in good condition.

Mrs. D. P. Montague is president of the association.

Mr. John Stagnamer is president of the board of trustees.

Alkali Makes Soap
Bad For Washing Hair

Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces.

You can get this at any drug store, and a few ounces will last the whole family for months.

Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff.—(Adv.)
